

# JOSE THOTTIPPATTU.

MANAGING DIRECTOR

## SKILLS

- ❖ Project Resourcing, budgeting, cost and time estimation and management, project benchmarking, risk assessment and risk management, interface management and value engineering.
- ❖ Project Engineering Deliverables Management from concept to commissioning for offshore and onshore projects including pipeline and brown-field modifications.
- ❖ Procurement management including inspection and delivery follow ups

## EDUCATIONAL QUALIFICATION

- ❖ B.SC Engineering (Electrical) from Government Engineering College, Trichur, Kerala, India.
- ❖ Master of Business Administration from Indira Gandhi National Open University.
- ❖ Bachelor of General Law from Annamalai University

## HIGHLIGHTS OF EXPERIENCE

37 years of experience in Management of engineering of Offshore, Onshore, Oil & Gas and petrochemical projects for various clients in Middle East, Far East and Asian countries for various clients like BP (Indonesia, Azerbaijan, Georgia etc), Exxon Mobile, PETRONAS, Shell Brunei, Total, Chevron, PDO, QP, ARAMCO, etc. Managed team of engineers for multidisciplinary Engineering projects from Concept to commissioning like offshore platforms, subsea pipelines, cross country pipelines, onshore processing facilities, LNG plants, aromatic plants, sulphur recovery units, tank farms, MOL pumping stations, gas bottling units, onshore gas distribution system, substations, Oil and Gas Separation projects, Petrochemical plants etc., brown field modifications for onshore and offshore facilities., Managed construction team in EPC projects for offshore and onshore installations, commissioning and handing over.

### **The highlights of the experience are:-**

- ❖ Evaluation of different options for the offshore platform design and installation strategy.
- ❖ Budget preparation, cost and time management, value engineering and cost reduction exercise.
- ❖ Projects reviews and audits during and on completion of projects to ensure that technical, operability and safety requirements are met.
- ❖ Project Management for engineering & fabrication of Offshore and Onshore facilities and pipeline systems and Brownfield modifications.
- ❖ Procurement management of capital items.
- ❖ Providing PMC services in engineering phase of the project.
- ❖ Organizing constructability workshops

## AFFILIATIONS

- ❖ Chartered Engineer from Institution of Engineers, India in 1993
- ❖ Lead Quality Auditor certified by IRCA for ISO 9001: 2000.
